F. J. Sherlock Delivered Eloquent Address Before Knights of Columbus.

Carries Off High Score and High Average in Box Ball Tournament.

The lecture delivered before the local Knights of Columbus last night by F. J. Sherlock, representing the national council, was an able effort. Mr. Sherlock is a brilliant thinker and an eloquent speaker. His lecture last night was on the different principles of the Knights of Columbus as an order and the manner in which those were applicable to the individual members.

The cardinal virtues of the office are charity, unity, brotherly love and patriotism. On these the speaker dwelt at some length and reviewed the history of the organization and growth of the movement.

He spoke of the different features of the work of the order, especially of the social and insurance features and of the fundamental principle of the order, the education and development of Catholic manhood. The social work was commended as an attractive and necessary feature, and the insurance and the moral and educational work were emphasized as the most important features. Following the address, which was replete with instruction and information, the speaker was tendered a ringing ovation and short addresses were made by Rev. Father Mandabadi S. J., and Owen X. Marson. Mr. Sherlock will have today for Las Vegas and will continue his trip through Colorado to Denver. While here he was entertained by Mr. Marson, T. F. Kohler and a committee from the local council.

Lock For the Hose With
This Mark on the Toes

There are many kinds of guaranteed hose but they are all imitations of the original "Holeproof."

When your husband goes to the store, tell him to insist on "Holeproof"—tell him to look on the toe for our trademark.

This means more than you think—it means that if any holes appear within six months we give you new hose free.

But that is not all, the hose itself is more stylish and comfortable than any other on the market.

Holeproof hose

FOR MEN, WOMEN AND CHILDREN

The makers use only the finest and softest cotton from Egypt and the sea islands. They pay \$5 a pound, but could buy ordinary cotton at 12 cents a pound.

The yarn is three-ply in the body and doubled to six-ply in the heels, toes and knees. Common hose is made of two-ply yarn throughout yet it costs you as much as "Holeproof."

Comfort is supreme in "Holeproof"—the fabric is as soft and

smooth as silk. Style is increased for the hose is shaped to fit the foot like a glove fits the hand.

Men's hose come in eleven attractive colors and women's in six. Price \$1.50 to \$3.50 a pair—six pairs. Children's hose in black and tan, at \$2 a box of six pairs. Please come in and see this hose today—it costs no more than the ordinary.

The Non-Sectarian Benevolent Society has issued an appeal for aid for a family with five children whom the society has been supporting all winter. This family owns a ranch in the Estancia valley and after a siege of sickness and hard luck, which included severe attacks of typhoid fever and diphtheria, the family is this spring desirous of returning to the ranch in the hope of making a living. But they have not the funds to live on and not even money with which to buy seed. The society asked that someone may "stake" them and accept part of the profits on the crops or that enough people will come forward with cash gifts to enable this family to put in crops and do for themselves.
